Commission Structure

Deposit	One-time Commission	Recurring Commission based on total deposit (25K+)	Recurring Commission based on total deposit (50K+)	% Risk-Free
\$1000 - \$2499	\$150	10%	15%	20%
\$2500 - \$4999	\$300	10%	15%	20%
\$5000 - \$9999	\$500	10%	15%	15%
\$10 000+	\$1000	10%	15%	12.5%

Quick Tip:

Always try to secure higher %Risk-Free for clients. For example: If a client wants to deposit 10,000\$, suggest to split his account to 3 accounts less than 5000\$ each and he will receive 20% on each rather than 12.5% on one 10,000\$ account.

Note: One-time commissions are payed after 1 month of a client's deposit.

Commission Structure Scenario I

You on boarded 25 Clients with \$1000 deposit each.
Your one-time payment will be equal to \$3750.

Since you have reached the \$25,000 total deposit, you will be eligible for the recurring commission.

If your clients made 10% profit this month this will be equal to \$2,500.

You will earn 10% of the profit which is \$250 for this month.

Commission Structure Scenario II

You on boarded 50 Clients with \$1000 deposit each.
Your one-time payment will be equal to \$7500.

Since you have reached the \$50,000 total deposit, you will be eligible for the recurring commission.

If your clients made 10% profit this month this will be equal to \$5000.

You will earn 15% of the profit which is \$750 for this month.
